Having a sense of humor is an important attribute for all of us to have. We all need the capacity to laugh. After all, joy is a gift from God. We all know there's more than enough negative things in the world that we hear about each and every day, either through the news media or even in our own lives and the lives of those around us. Are You a Light Hearted Person?I personally feel that we should always be looking for things that make us laugh, chuckle or smile. I like the feeling of being a "Light Hearted" person and I hope you do too. I am arguably Joel Osteen's biggest fan and although I feel his messages are far more important to assimilate and comprehend, I also enjoy his short, clean jokes and thought perhaps others might enjoy them too, all put together in one place that you can read in one sitting if you'd like. And if you're like me, you'll enjoy telling them just as much as reading them. Joel states upfront that the jokes are not doctrinally correct... that they're just to make us laugh so I too want to mention that here. Wouldn't you like to have 26 of Joel's

short, funny clean jokes available to you anytime you want? And don't forget about the bonuses I created... the audio and video versions so you'll be able to read, listen or watch... whichever you prefer.
